Context

• Single Inspection Framework – Arrival Imminent?
• Children and Young People’s Plan – CTB Sign Off November 2015
• Health and Wellbeing Strategy – ‘Best Start in Life’
• Refocus/Galvanise Partnership
• New Members

• Where are we now?
• Where are we going?
• What are we going to do?
• What do we need from others?
Two Key Issues for Today....

The New Language of Inspection:
- The Bar has Been Raised
- Outstanding – Good – Requires Improvement – Inadequate
- Where do we Position Ourselves?

Sustaining Local Partnership in Turbulence:
- Public Sector Funding
- Regionalisation – NHS Commissioning; Met Police Organisation; LA Adoption Services
- Outsourcing – New Providers may not be local
- How do we retain commitment and ensure action?
The Place

• Rising Child Population
• Rising Diversity
• Rising Deprivation
• Reducing Funding (LA and Schools; Public Health; Police; etc)
The Values

• Keeping Children and Young People at the Heart of our Work
• Equality, Equity, Inclusion and Valuing Diversity
• Local Accountability and Partnership
• Making a Difference – Quality Assurance and Continuous Improvement
• Promoting a Learning Culture
• Promoting a Culture that Values Children and Young People
Where are we now and where are we going?
